IDENTIFIERS	*Illinois

ABSTRACT

This is the report of the Illinois State Scholarship Commission, a governor-appointed body of seven persons, responsible for the administration of nine state authorized and funded aid programs for Illinois postsecondary students. The aid programs of the ISSC, combined with institutional and Federal aid and with the funds expected from parents and the applicant, meet the college costs of the institution of the applicant's choice. The major programs consist of (1) nonrepayable monetary awards and (2) guaranteed educational loans. Among the purposes of the commission programs are to: (1) equalize educational opportunity by removing financial barriers to college; (2) preserve diversity in postsecondary education by permitting freedom of institutional choice; (3) increase the retention of students in postsecondary educational institutions; (4) conserve public funds by making it possible for financially needy students to utilize any otherwise unused spaces at Illinois nonpublic colleges; (5) permit a student's in-school employment workload and/or loans to be at a sufficiently modest level so as not to adversely affect his studies or career plans; (6) combine institutional and federal aid with the funds expected from parents and the applicant to meet the college costs of the institution of the applicant's choice. The text includes tables and statistical data. (Author/KE)

INTRODUCTION

The Illinois State Scholarship Commission, a Governor appointed body of seven persons, is responsible for the administration of nine state authorized and funded financial aid programs for Illinois postsecondary students. The aid programs of the ISSC, combined with institutional and federal aid and with the funds expected from parents and the applicant, meet the college costs of the institution of the applicant's choice. The major programs consist of (1) non-repayable monetary awards and (2) guaranteed educational loans.

Among the purposes of the Commission programs are to

- Equalize educational opportunity by removing financial barriers to college
- Preserve diversity in postsecondary education by permitting freedom of institutional choice
- Increase the retention of students in postsecondary educational institutions
- Conserve public funds by making it possible for financially needy students to utilize any otherwise unused spaces at Illinois non-public colleges
- Permit a student's in-school employment workload and/or loans to be at a sufficiently modest level so as not to adversely affect his studies or career plans
- Combine with institutional and federal aid with the funds expected from parents and the applicant to meet the college costs of the institution of the applicant's choice

The **Monetary Award Program** provides non-repayable assistance to financially needy students; neither test scores nor high school records are assessed as a necessary condition to apply for funds. Monetary award winners must be Illinois residents demonstrating financial need and be planning to pursue at least 6 hours of undergraduate study at more than 200 approved public or non-public colleges and universities, hospital schools of nursing or allied health programs located in Illinois. Financial need is determined by a standardized need assessment based upon a comprehensive review of the family financial strength and the specific cost of attending the approved Illinois educational institution of the applicant's choice. Students at varying levels of academic ability can participate in the program provided they can successfully enter and continue to progress satisfactorily through a collegiate level of study.

The **Illinois State Scholar Program** publicly, with notification to the media, schools, and members of the Legislature, and individually, with a personal Certificate of Merit, identifies those high school seniors who possess superior academic potential as measured by their test scores and high school records. The State Scholar designation is an honorary recognition only; financial need is not a requirement, nor are State Scholars automatically entitled to a monetary award. To be eligible for financial assistance, a State Scholar must submit an application to the Monetary Award Program and demonstrate financial need.

The **Illinois Guaranteed Loan Program** guarantees loans for educational expenses made to postsecondary students by Illinois private banks, savings and loan associations, and credit unions. The IGLP is responsible for verifying the eligibility of an applicant for the loan guarantee, processing requests for default payments from lenders, and collecting loan payments under new agreements from those students who were earlier unable to meet their original agreement with lenders. The Commission reimburses the lender for the full principal amount and interest on a loan if the borrower dies, becomes disabled, or fails to meet contract obligations. Federal funds assume a large percentage of the financial responsibility for the payment of all defaulted loans and the cost of interest subsidy for those students qualifying for such benefits. Loans are guaranteed to residents of Illinois who are at least half-time undergraduates and graduates at collegiate and vocational institutions throughout the United States and some foreign countries.

In addition, the Commission administers the following other programs: benefits for dependents of Illinois residents who are prisoners of war or are missing in action, grants for children of Illinois policemen, firemen and correctional officers killed in line of duty, grants for bilingual students and teachers, and matching grants to public senior universities at which a scholarship fund has been established from voluntary contributions by students. Payments for veterans enrolled at public community colleges are also an ISSC responsibility.

	Student Loan Support		4,500,000	
	Administration		1,705,000	
	Total Appropriations		73,785,000	

ILLINOIS STATE SCHOLARSHIP COMMISSION ORGANIZATION

THE GENERAL ASSEMBLY OF THE STATE OF ILLINOIS established the Higher Education Student Assistance Law. It amends the Law and approves administrative, monetary award, and loan fund appropriations.

THE GOVERNOR OF ILLINOIS appoints members to the Commission and designates one member as a chairman.

THE SUPERINTENDENT OF PUBLIC INSTRUCTION is an ex-officio member of the Commission; he is responsible for approving all high schools for Commission purposes.

THE COMMISSION establishes policies and procedures not in conflict with or covered by the Higher Education Student Assistance Law, approves all student winners, approves all committee appointments, appoints the Executive and Administrative Directors, initiates and approves recommendations for legislative and budgetary needs, and approves the participating colleges. The Executive and Administrative Directors administer the programs of the Commission, assume responsibility for the operation of the Commission offices, and represent the Commission in public contacts.

All employees of the Scholarship Commission (professional and clerical) are employed under the University Civil Service System of Illinois.

ISSC ADVISORY COMMITTEES 1974-75

From the inception of the State Scholarship Commission, advisory committees have been a functioning aspect of the Commission. Members of these committees represent broad educational interests throughout the state of Illinois. Present committees and their memberships are:

General Advisory Committee

Ms. Joyce H. Clark, Coordinator, Higher Education Guidance Center, Pupil Personnel Services, Chicago Board of Education; Stephen Dougherty, Director of Financial Aid, Lincoln College; Dwight A. Fuller, Director of Student Finance, Trinity College; Charles Gavin, Associate Director, College Entrance Examination Board, Evanston; Gene Jannece, Student, Triton College; E. Martin Jehn, Financial Aid Officer, Cook County Hospital School of Nursing; Ms. Jane Loeb, Director, Office of Admissions and Records, University of Illinois-Urbana; Mrs. Margaret Lujan, Spanish Affairs, Illinois Department of Education and Registration; Jack D. McFadden, Director of Admissions and Records, Northern Illinois University; Sr. Mary C. Mulhern, Director of Admissions, Rosary College; Harold O'Neil, Dean of Student Services, John Logan College; Ms. Marilyn Prior, Student, Olivet Nazarene College; Ms. Betty Schneider, College Counselor, University of Chicago Lab School; Mrs. Marna Shapiro, Counselor, Waller High School, Chicago; Wesley S. Simons, Assistant to Vice President for Student Affairs, Western Illinois University; Walter Steinberg, Principal, Luther High School South, Chicago; Edward W. Stowe, Jr., Director, Student Financial Aid, George Williams College; David W. Turner, Principal, Morrison Community High School, Morrison; Tom Wares, Associate Regional Director, American College Testing Program, Northbrook; Dr. Glenn D. Williams, Vice President, Eastern Illinois University; Farley Woods, Student, Lewis University

Financial Need Advisory Committee

Robert Beckwith, Manager, Education Department, Illinois Chamber of Commerce, Chicago; Fred R. Brooks, Jr., Director of College Aid, University of Chicago; Steve Danley, Student, Illinois Valley College; John T. Flynn, Financial Aid Officer, Lake Land College; Mrs. Laura R. Grafman, Director of Financial Assistance, National College of Education; Ken Gunji, Coordinator, Financial Aids, Parkland College; Dr. Gloria Lewis, Associate Professor, Guidance & Counseling in Education, Loyola University; Ms. Carmen D. Kerr, Scholarship Coordinator, Southern Illinois University-Edwardsville; Frank S. Saurman, Director, Student Financial Aids, Illinois State University; Ms. Terri Wernsman, Student, Kaskaskia Junior College; Gordon White, Director of Financial Aid, Lake Forest College

Advisory Committee on Testing and Determination of Academic Potential

Walter Akhurst, Director of Admissions/Financial Aid, Rockford College; Miss Joan Jordan, Administrator of Division of Guidance, Pupil Personnel Services, Chicago Board of Education; Ms. Mary McKinney, Counselor, Adlai Stevenson High School, Prairie View; Dr. Edward W. Robinson, Professor of Counselor Education & Student Personnel Services, Western Illinois University; Donald R. Weiss, Director of Admissions/Financial Aid, Elmhurst College

Advisory Committee on Attrition

Roger H. Campbell, Director of Admission, Northwestern University; Ted S. Cooper, Executive Director, National Association of College Admissions Counselors, Skokie; George Henning, Vice President for Special Services, Augustana College; E. Eugene Oliver, Director of School and College Relations, University of Illinois-Urbana; Joseph Quinn, Dean of Admissions, Quincy College; Dr. Richard Wagner, Deputy Director for Fiscal Planning, Illinois Board of Higher Education

Advisory Committee on Equal Educational Opportunity

Elias Ar[illegible], Lecturer at University of Illinois-Chicago Circle; Phillip G. Baugher, Director, Student Financial Aid,

Central YMCA Community College; Eduardo Cadavid, Administrator of Special Language Services, Chicago Board of Education; James T. Cruz, Director, League of United Latin American Citizens; The Rev. Ruben Cruz, Olga Amigo, WLS-TV, Chicago; William R. Davis, Director, Upward Bound, Loyola University, Chicago; Joaquin Diaz, Urban Training Center, University of Illinois-Chicago Circle; Joseph H. Gloor, Student, Waubonsee College; George Harris, Director of Financial Aid, Olive-Harvey Junior College; Carlos Martinez, Student, University of Illinois-Chicago Circle; J. Zeferino Ochoa, Executive Director, Archdiocese of Chicago Latin American Committee; Ms. Regina Rice, Student, Danville Junior College; Carmelo Rodriguez, Executive Director, Aspira, Inc., Chicago; Mrs. Elizabeth C. Stiles, Director of Financial Aids and Placement, Moraine Valley Community College; Ms. Isabelle Torres, Student, Northern Illinois University

Illinois Guaranteed Loan Program Advisory Committee

Jim Conroy, Supervisor of Special Accounts, Caterpillar Credit Union, East Peoria; William Fox, Vice President, First Bank and Trust Company, Cairo; Nicholas Fluyeras, Student Loan Officer, Harris Trust and Savings Bank, Chicago; Mrs. Florence Frith, Assistant Vice President, First Federal Savings and Loan Association, Chicago; Mrs. Lucille Holcomb, Financial Aid Officer, Illinois State University; George Harris, Director of Financial Aid, Olive-Harvey Junior College; John Lastofka, Assistant Vice President, Elmhurst National Bank; Dr. Cathryn Mason, Guidance Counselor Department, School District 189, East St. Louis; Jack Maxwell, Assistant Vice President, First National Bank, Olney; Mrs. Mary Jane Plapp, Director of Financial Aid, Millikin University; Harold Rabin, President/Owner, Electronic Technical Institute, Chicago; Bradford Townsend, Student, Lincoln Land College; Jim Zegunis, Assistant Vice President, Home Federal Savings and Loan, Rockford

Student to Student Program Advisory Committee

Vincent Chiaro, Director of Financial Aid, Sangamon State University; John P. Griffin, Associate Director of Student Financial Aids, University of Illinois-Urbana; Ms. Carmen D. Kerr, Scholarship Coordinator, Southern Illinois University-Edwardsville; Mrs. Anne T. Klein, Scholarship Coordinator, Northeastern Illinois University; Margaret Roth, Student, Southern Illinois University-Carbondale; Mr. Herb Robinson, Acting Director, Financial Aids, Governor's State University

Data Exchange Advisory Committee

Two representatives, selected by the institutions, from each of the following:

Augustana College
Bradley University
Harper College
Loyola University
Univ. of Ill. - Chicago Circle
Western Illinois University

ILLINOIS STATE SCHOLARSHIP COMMISSION INSTITUTIONAL REPRESENTATIVES

State Scholarship Representatives receive all communications from the ISSC regarding student award decisions, recommendation procedures, and payment certification for their enrolled students. Almost without exception, these persons also serve as the chief financial aid officers and administer institutional, state and federal student financial aid programs at their institutions.

Aero-Space Institute – Dr. Alfred F. Stott
American Cons. of Music – Mr. Charles Moore
Art Institute of Chgo. – Ms. Dawn B. Heffernan
Augustana College – Mrs. Zen Hoegner
Augustana Hosp. (Chgo.) – Mrs. Margaret Biemolt
Aurora College – Mrs. Rose Marie Harless
Barat College – Mrs. Sharon A. Green
Belleville Jr. College – Mr. Lee Knoebel
Black Hawk College – Mr. David Sprenkle
Black Hawk East Col. – Mr. Theodore R. Coberley
Blackburn College – Mr. Roger L. Carothers
Blessing Hosp. (Quincy) – Ms. Lauretta M. Eno
Bloomington-Normal School of Radiologic Tech. – Mr. James A. Wood
Bradley University – Mr. Thomas P. Cromwell
Central YMCA Com. Col. – Mr. Phillip G. Baugher
Chicago City Colleges:
- Kennedy-King – Mr. D. T. O'Bannon
- Loop – Mr. Charles Jones
- Malcolm X – Mr. Linford Coleman
- Mayfair – Mr. Paul Mall
- Olive-Harvey – Mr. Edward L. Truitt
- Southwest – Ms. Ann S. Clough
- Wilbur Wright – Mr. Arnold Sternberg

Chgo. Col. of Osteopathic Med. – Dr. Harold L. Hakes
Chgo. Conservatory College – Miss Jeanne Howard
Chicago Medical School/University Health Sciences – Miss LaVerne Urich
Chgo.Nat. Col. of Naprapathy – Dr. Edmund K. Kosowski
Chicago State University – Mrs. Delores G. Myers
Columbia College – Mr. Hubert E. Davis
Concordia Teachers College – Mr. Ernst Roemke
Cook County Hosp. (Chgo.) – Mr. E. Martin Jehn
Copley Memorial Hosp. (Aurora) – Mrs. Alice Runyan
Danville Junior College – Mr. James E. Heeren
Decatur, Com. Col. of – Ms. Jane E. Avery
Decatur Mem. Hosp. – Ms. Sharon D. Molineaux
DeLourdes College – Sr. Mary Canisia
DePaul University – Mr. Kenneth C. Conway
DuPage, College of – Mrs. Carlye Watts
Eastern Ill. Univ. – Mr. Ross C. Lyman
Elgin Com. Col. – Mr. Charles W. Shanholtzer
Elmhurst Col. – Mr. Donald R. Weiss
Eureka Col. – Mrs. Genevia Sager
Evangelical Hosp. (Oak Lawn) – Ms. Elida L. Mundt
Evanston Hosp. – Ms. Caryl Ericsson
- Nuclear Medicine – Mr. Carter Taliaferro

Felician Col. – Sr. Mary Reginetta
Freeport Memorial Hosp. – Ms. Verda Mitchell
Governor's State Univ. – Mr. Herb Robinson
Graham Hospital (Canton) – Ms. Betty J. Stockov
Greenville College – Mr. Leonard Keillor
Harper College, William Rainey – Mr. Fred Vaisvil
Hebrew Theological Col. – Dr. Joseph Babad
Highland Com. College – Dr. Frederick Voda
Ill. Benedictine College – Sr. Alma Brothers
Illinois Central College – Mrs. Lois Potts
Illinois College – Ms. Lois M. Hughes
Ill. College of Optometry – Mr. Sheldon Siegel
Ill. Col. of Podiatric Med. – Mr. John E. Andrews
Ill. Eastern Jr. Colleges – Dr. James S. Spencer
Ill. Inst. of Technology – Mr. Robert C. Leitze
Illinois Masonic Medical Center (Chicago) – Miss Penelope Mavrelis
Illinois State University – Mr. Frank S. Saurman

St. Xavier College – Mr. Steven R. Thorndill
Sandburg Jr. Col., Carl – Mr. Dennis C. Gallo
Sangamon State Univ. – Mr. Vincent G. Chiaro
Sauk Valley Jr. College – Mr. Ronald Marlier
Shawnee Com. College – Mr. Herman Lawrence
Sherwood Music School – Mr. Arthur Wildman
Shimer College – Ms. Karen K. Zink
South Chgo. Community Hosp. – Ms. Josephine Chan
Southeastern Ill. College – Mr. David Wiman
Southern Ill. Univ., Carbondale – Mr. Joseph Zimny
Southern Ill. Univ., Dentistry – Dr. Larry L. Felkner
Southern Ill. Univ., Edwardsville – Ms. Carmen D. Kerr
Spertus Col. of Judaica – Dr. Nathaniel Stampfer
Spoon River Col. – Mr. E. Warren Potter
Springfield Col. in Ill. – Mrs. Mary Virginia Moore
State Community Col. – Mr. Kermith K. Owens
Swedish-Amer. Hosp. (Rockford) – Miss Marilyn Miller
Thornton Community Col. – Mr. Ronald Cooley
Trinity Christian Col. – Mr. Ronald Kronemeyer
Trinity College – Mr. Les Drotts
Triton College – Miss Trudye Wilson
University of Chicago – Mr. Fred R. Brooks, Jr.
University of Chicago Hospital & Clinics
Respiratory Therapy – Mr. Frederick M. Deboe, Jr.
Univ. of Ill., Chicago Circle – Mr. Thom Porter Brown
University of Illinois Assoc. Medical Sciences,
Dental Assistants, Dentistry, Medicine,
Nursing, Pharmacy – Dr. William C. Wagner
University of Ill., Urbana – Mr. John R. Griffin
University of Ill. Hospital (Chicago) School of
Radiology – Mrs. Mary Carson
Vandercook Col. of Music – Mr. George Zafros
Waubonsee Community Col. – Mr. Lawrence N. Dukes
Wesley-Passavant Memorial Hospital (Chicago) –
Miss Jeanine Larson
West Suburban Hospital (Oak Park) –
Ms. Sharon E. Bolin
Western Ill. Univ. – Mr. Herman R. Koester
Wheaton College – Dr. Paul Sutcliffe
Williams Col., George – Mr. Edward W. Stowe, Jr.

MONETARY AWARD PROGRAM

1974–75

Monetary awards are

- applicable only toward tuition and mandatory fees at more than 200 ISSC approved postsecondary not-for-profit institutions located in Illinois
- made in amounts up to $1,350 annually but cannot exceed tuition and mandatory fees
- assigned on the basis of financial need at the approved college of the student's choice and re-evaluated if the college choice changes
- sent to the educational institution in the name of the recipient after the institution confirms the enrollment of the recipient
- renewable annually upon proper application
- provided from funds subject to annual review and appropriation by the Illinois General Assembly and the State Student Incentive Grant (SSIG) Program

The program provides that the applicant, to be eligible for a monetary award, must meet the following requirements:

- be a citizen or permanent resident of the United States
- be a resident of the state of Illinois
- be a person of good moral character
- be enrolled for at least six credit hours as an undergraduate student and be in good academic standing in an ISSC approved college, university, hospital school of nursing, or allied health institution
- not have received a baccalaureate degree or completed 150 semester hours or 225 quarter hours of college course work
- demonstrate financial need as determined by the Commission from income/asset data supplied in the application filed by the announced deadline

Effect of Other Gift Aid

The student may receive other gift aid (scholarships and grants) and retain his ISSC award so long as

- it is not in conflict with the ISSC award, which can only be applied toward tuition and fees
- it does not exceed unmet cost as determined by the Commission; in the event the unmet cost is exceeded, the ISSC award is reduced or withdrawn, according to the recomputation

*If not for denial of certain eligible applicants because of limited funds, the percentages would be 81.5% and 65.0%

"The General Assembly has found and hereby declares that the provision of a higher education for all residents of this State who desire such an education and are properly qualified therefore is important to the welfare and security of this State and Nation, and consequently is an important public purpose; many qualified students are deterred by financial considerations from completing their education, with a consequent irreparable loss to the State and Nation of talents vital to welfare and security. The number of qualified persons who desire higher education is increasing rapidly, and the physical facilities, faculties, and staffs of the institutions of higher learning operated by the State will have to be expanded greatly to accommodate such persons, with an attendant sharp increase in the cost of educating such persons. A system of financial assistance of scholarships, grants, and guaranteed loans for qualified residents of college age will enable them to attend qualified institutions of their choice in the State, public or private."

Quotation from Higher Education Student Assistance Law
(School Code of Illinois, Section 30-15)

CHARACTERISTICS BY INSTITUTION* OF 1974-75 ANNOUNCED MONETARY AWARD WINNERS
(Racial data** as of 4/2/75; other data as of 12/12/74)

*17 allied health programs not included
**racial data self-reported

FINANCIAL NEED ANALYSIS

Concepts and Procedures

The Higher Education Student Assistance Law states that, to authorize a monetary award, the Scholarship Commission must find that *"financial resources are such that, in the absence of scholarship aid, he (the applicant) will be deterred by financial considerations from completing his education at the qualified institution of his choice."*

The parents or legal guardian of every applicant for monetary assistance are required to submit confidential information concerning their financial strength. All confidential statements must be signed, certifying the parents' willingness to submit an official copy of their federal income tax return, if requested. The Commission denies awards to those applicants whose reported financial strength is not in basic agreement with their federal income tax returns. Substantial efforts are made to obtain accurate information, and the degree of accuracy is verified by both internal checks and personal review of federal returns.

Need analysis systems now in use rely upon an estimate of what the family could (or should) be able to provide and not what they will provide. The major variables which affect the determination of need are size of family, total income, equity in assets, schooling costs for siblings, and expectations from student earnings and his assets. If determined need was based upon what the parent and applicant would be willing to provide in financial support, there would be obvious inequities in any program that required equitable determination of awards.

The Commission's need analysis system, facilitated by the use of computers, determines what the parents or guardian and student could provide for college cost in a given year. The annual objective assessment is made to estimate the difference between the expected family contribution and the dollar costs of attending the college designated by the applicant. Need is always related to the college choice and its costs.

To bring as much science, equity, and objectivity as possible to a most challenging responsibility, the Commission's advisory committee on financial need analysis reviews annually the need assessment procedures and the special treatment required for applications showing most unusual circumstances. The committee considers questions which pertain to business and economic conditions in Illinois, to parents who own or operate farms or business, and to situations which have been raised by their constituents.

The financial aid officers of Illinois colleges have accepted, to a very large degree, our need computation findings as being as accurate and fair as can be obtained through a printed form. Parents react to Commission decisions in an almost direct relationship to what they consider to be necessity or luxury in their family budget. A reasonable sacrifice on the part of the family to help meet college costs is a basic premise of the Illinois State Scholarship Commission procedures.

What is Financial Need?

"Financial need" as defined by the Illinois State Scholarship Commission is the dollar deficit between the approved ISSC COLLEGE COST BUDGET and the total resources available to the student at his selected college. Any financial need which remains after the ISSC award is assigned is reported as UNMET COST to the college. The UNMET COST figure represents the amount of additional gift aid the student could receive from other donors without affecting the amount of his ISSC award.

FUNDAMENTAL ESSENTIALS OF NEED ANALYSIS FORMULA

(As Used for 1975-76 Awards)

The Need Analysis Formula below contains the basic essentials for about 85% of all ISSC applicants. Farm owners or tenants, business owners, and students receiving large amounts of veterans' or Social Security payments would not find the steps described below as an accurate guideline, since their circumstances would require special treatment.

TO DETERMINE EXPECTATION FROM PARENTAL INCOME:

Add: Parent(s) taxable and non-taxable income . . . . . $ _____

Subtract:

Federal/state taxes	$ _____	
Maintenence allowance ($4,000 plus $750 per each tax dependent)	$ _____	
Housekeeping allowance (If mother or widower works, enter 25% of the earnings to a maximum of $2,000) .	$ _____	
Sibling schooling (tuition to $500 maximum for elementary/secondary private for each sibling	$ _____	
Other dependents (Enter $750 for any tax dependent other than own child, spouse, or self)	$ _____	
Extraordinary expenses (Enter the difference between 15% of total income and itemized deductions on Federal Income Tax return to a maximum of 40% of taxable income)	$ _____	
Total subtraction	$ _____	$ _____

Remainder

Multiply: Remainder by the appropriate factor:

$ 0 to $ 4,999 – 26%
$ 5,000 to $ 6,499 – 27%
$ 6,500 to $ 6,999 – 28%
$ 7,000 to $ 7,999 – 29% . . . . . x _____%
$ 8,000 to $ 8,999 – 30%
$ 9,000 to $ 9,999 – 31%
$10,000 + – 32%

Result: Available dollars from income for college costs

If two tax dependent members of family in college, reduce 30%
If three in college, reduce 50%
If four or more in college, reduce 60% . . . . . $ _____

TO DETERMINE EXPECTATION FROM PARENTAL ASSETS:

Add: All equity in home and other real estate, value of savings and investments, business and/or farm equity, and student assets (if above $500) . . . . . $ _____

Subtract:
Business/Farm allowance (Use one-half of equity in same) . . . . . $ _____
Emergency allowance ($750 per tax dependent) . . . . . $ _____

Fundamental Essentials of Need Analysis Formula (cont.)

Subtract: Thrift Retirement allowance (based on age of father or widow):

00 – 24 : $ 4,000	45 – 49 : $15,000
25 – 29 : $ 6,000	50 – 54 : $17,000
30 – 34 : $ 8,000	55 – 59 : $19,000
35 – 39 : $10,000	60 – 64 : $21,000
40 – 44 : $13,000	65 – + : $23,000

Widow/Widower allowance (Enter $20,000) . . . . . $ _____

Total subtraction $ _____ $ _____

Remainder

Divide: Remainder by the number which is eight times the number of parents plus four times the number of tax dependent children . . . . . _____

Result: Available dollars from **assets** for college costs . . . . . $ _____

TO DETERMINE EXPECTATION FROM THE APPLICANT:

The amount of student self-help is related to the College Cost Budget and is one-fourth of the College Cost Budget, but not less than $500 nor more than $1,000. (If family income is less than $7,500 and there is no expectation from assets, $500 is expected regardless of college costs) . . . . . $ _____

TO DETERMINE ISSC AWARD:

College Cost Budget (Illinois college selected by student) is about $2,050 plus tuition and mandatory fees . . . . . $ _____

Subtract:

Available dollars from **income** . . . . . $ _____
Available dollars from **assets** . . . . . $ _____
Available dollars from **applicant**** . . . . . $ _____
Total subtraction $ _____ $ _____

Remainder

Remainder: The difference of the College Cost budget and the total dollars available from the family is the basis on which an award can be assigned. (Awards cannot exceed tuition and mandatory fees to a maximum of $1,350). Awards less than $1,350 are made in $ 60 intervals.) . . . . . **ISSC Award** $ _____

Balance is Unmet Cost $ _____

**Students' Earnings and Assets

1. **The dependent applicant's resources from income and assets will be combined with the parent's financial strength in the assessment of need. For example, an expected self-help reserve of $800 and federal/state taxes will be subtracted from applicant's income with balance added as parental non-taxable income.**

2. **The independent applicant's resources from income and assets will be combined with spouse's (if appropriate) after federal/state taxes and maintenance allowance along with other specific allowances are subtracted before assessing need.**

Note: Effective with 1974-75: tax reported income of dependent applicants was added to parental income after subtracting for self-help expectation; only ½ of business/farm equity was used in calculation; home equity was based on purchase year/purchase price and time elapsed multiplier and not estimated market value; and more detailed questions were asked concerning applicant's own assets. Note that 30% of all reported data is from applicants only (considered self-supporting) and 70% from parent(s) or guardian(s).

MILITARY VETERANS' SCHOLARSHIPS TO PUBLIC COMMUNITY COLLEGES

In August, 1969, the General Assembly authorized the Commission to make payments from its regular monetary award appropriation in the form of tuition awards for eligible veterans at Illinois public community colleges. This form of financial assistance, which may be used concurrently with G. I. Bill benefits, covers tuition and certain fees. Certification for eligibility for this program is verified by the respective colleges and the Illinois Junior College Board. Beginning with FY 74, veterans' scholarship payments were made from a separate appropriation administered by the ISSC.

1973-74	39,904	3,531,630
Totals to Date	79,015	$11,977,672

1973-74 BILINGUAL GRANT PROGRAM

Beginning with the academic year 1972-73, the ISSC was directed to administer a program which provides grants in amounts up to $1,300 per year toward tuition and fees for Illinois residents who are bilingual but whose primary language is not English. U. S. citizenship or permanent resident status with a declaration of intent to become a U. S. citizen is required. The student with a Bilingual Program award must not concurrently be a recipient of an ISSC monetary award and must sign a declaration of intent to teach in an Illinois school where there are a substantial number of non-English speaking children enrolled. Failure to implement this intention converts this grant to a loan. The program is for both undergraduate students and for teachers who have been trained or certified in another country who are not yet teacher certified in Illinois. Teacher awards can be used either for graduate or undergraduate study, and the recipients must enroll for full-time study in a degree program in education.

1973-74 BENEFITS FOR SURVIVORS OF POLICEMEN AND FIREMEN

ISSC provides educational benefits for the children, aged 25 or under, of policemen and firemen killed in the line of duty while employed by, or in the voluntary service of, the state of Illinois or any public entity in this state. Awards are provided annually in amounts up to $1,300 per year for eight semesters or ten quarters of full-time undergraduate study. Financial need is not a factor in eligibility.

1973-74 benefits: 1 student – $1,300 Bradley University

1973-74 P.O.W./M.I.A. DEPENDENTS' EDUCATIONAL BENEFITS

The Commission is authorized to pay up to $1,300 in tuition and mandatory fees to any Illinois institution of higher education on behalf of the spouse and/or dependent child(ren) of any Illinois resident officially reported to be a prisoner of war, missing in action, killed or at least 90% permanently disabled since January 1, 1960. Eligibility for this program is not based upon financial need.

Benefits include tuition and mandatory fees for full or part-time undergraduate study and are applicable for a period of 8 semesters or 12 quarters of study. Payments are applicable at any not-for-profit Illinois institution of higher learning. Financial need is not a requirement for eligibility.

1973-74 SCHOLARSHIPS FOR SURVIVORS/DEPENDENTS OF CORRECTIONAL WORKERS

ISSC is authorized to provide assistance of up to $1,300 per year for survivors and dependents of employees of the Illinois Department of Corrections who were killed or became 90-100% disabled while in the line of duty in a security position with the Department. To be eligible, the employee must have had responsibility for inmates of any correctional institution in this state. Payment can be made at approved public and private institutions of higher learning. Eligibility for this program is not based upon financial need.

1973-74 benefits: No awards made

STUDENT TO STUDENT PROGRAM

In June, 1972, the Illinois General Assembly established an ISSC administered program providing to public senior universities of the state a stated maximum of "dollar for dollar" matching funds for any contributions they receive toward establishing special scholarships for needy students on these campuses. The money must be used in support of undergraduate Illinois residents attending these campuses. The funds matched by the universities must be raised from voluntary contributions under a plan developed and approved by the students, with a maximum contribution of $4 per year from any individual student.

Participating Public Senior Universities	Dollars Paid 1973-74	Best Estimates of Dollars Paid 1974-75
Governor's State University	$ 9,742	$ 8,000
Northeastern Illinois University	18,160	14,000
Sangamon State University	10,272	10,000
Southern Ill. - Edwardsville	49,068	40,300
University of Ill. - Urbana	93,466	101,000
Western	(not participating)	30,700
Totals	$ 180,708	* $ 204,000

* If, in fact, claims in this amount are received, they will be proportionately reduced to meet the $200,000 appropriation.

SIGNIFICANT FEDERAL AND STATE CHANGES ON THE STUDENT FINANCIAL AID SCENE IN 1974-75

In 1974-75, significant changes were being implemented and/or discussed at both the federal and state levels in student financial aid for postsecondary study.

In Illinois the following changes are noteworthy:

- Half-time students became eligible for monetary awards.
- Award eligibility was extended to five years of undergraduate study or ten semesters/fifteen quarters of payment.
- An agreement was made with the U. S. Office of Education to permit Illinois to participate in the new State Student Incentive Grant (SSIG) Program, which made available $1.054 million of federal dollars to Illinois to match in equal value state dollars for assisting additional financially needy students.
- Year-around processing came one step closer by extending the original ISSC 1974-75 award year deadline from October 1, 1974, to February 1, 1975, and extended opportunity to an additional 8,000 students for awards effective the second term.
- A new high of ISSC monetary award applications received (135,000) exceeded the previous yearly high by 21,000.

At the federal or national level the following changes are noteworthy:

- The second year of Basic Educational Opportunity Grants (BEOG's) saw this important source of student assistance become a more significant factor in aid for Illinois residents with minimal parental resources.
- Dramatic volunteer and cooperative efforts on the part of institutional aid officers with federal and state financial aid officers were undertaken to resolve national problems of student aid. The new goals to resolve problems are:
  - the calculation of financial strength by all need analysis services and administrators of aid funds on a basis to give equal or near equal results for a given applicant;
  - a common student data form, which will permit an applicant to file only one form per year to be considered for all sources of need-based aid;
  - new efforts of coordination to permit timing of award announcements and program-to-program communication, which will maximize the delivery of needed dollars to the eligible applicants.

In 1975 the U. S. House of Representatives Chairman of the Subcommittee on Postsecondary Education, Congressman James O'Hara, introduced new legislation on student aid which could bring new directions to the federal efforts in this area and significantly change federal/state and federal/institutional partnerships in serving the financial need of college students.

Five states and one territory (Alabama, Alaska, Arizona, Guam, Hawaii, and Louisiana) do not have such programs and therefore do not qualify for assistance from the federally funded State Student Incentive Grant Program, which began in 1974. The remaining states' programs were funded but not operational in the fall of 1974.

ILLINOIS STATE SCHOLAR PROGRAM

The Illinois State Scholar Program publicly and personally identifies those high school seniors who possess superior academic potential. Each student named a State Scholar receives a Certificate of Merit from the Illinois State Scholarship Commission. Besides receiving statewide recognition from the various news media in the state, the names of the State Scholars are given by the Commission to the colleges and universities in Illinois. The distinct honor of being named a State Scholar is further highlighted by the fact that many colleges and universities actively seek the State Scholar for admission.

How an Applicant Becomes a State Scholar – The Competitive Selection Process

During the spring or summer prior to the high school senior year, the prospective Scholar takes the designated examination. Currently the American College Testing Program examination is required. The applicant must designate the Illinois State Scholarship Commission (Code #1047) as a recipient of the scores. A minimum weighted test score *(currently English standard score x 4; mathematics standard score x 3; social studies standard score x 3; and natural sciences standard score x 2)* is established for those for whom an end of junior year rank in high school class will be obtained. Weighted test scores of 270 to 290 and higher have had ranks requested from high schools for the past six years. The rank-in-class and size of class are converted to a rank standard score to convert rank to make it roughly equivalent to high school grade average. Standard score rank-in-class is multiplied by a weighting of six and added to weighted test score. The sum of this addition is weighted selection score, and the highest weighted selection scores are named as State Scholars.

Selection score information for the State Scholars of the past eight years is shown below:

Award Year	No. of State Scholars	Weighted Selection Scores	Mean Selection Score	Mean ACT Composite Score	Mean Weighted Test Score	Mean Rank Standard Score	
1968–69	16,963	395–up	452	26.7	319.4	22.1	(90.51 Percentile Rank)
1969–70	16,019	419–up	465	27.4	328.8	22.7	(92.32 Percentile Rank)
1970–71	16,526	424–up	465	27.4	328.7	22.8	(92.62 Percentile Rank)
1971–72	16,517	420–up	462	27.2	326.0	22.7	(92.32 Percentile Rank)
1972–73	16,215	418–up	462	27.1	325.0	22.9	(92.93 Percentile Rank)
1973–74	15,184	416–up	460	26.9	323.0	22.9	(93.93 Percentile Rank)
1974–75	15,435	416–up	462	27.5	324.9	22.9	(92.93 Percentile Rank)
1975–76	15,185	407–up	456	27.1	318.7	22.9	(92.93 Percentile Rank)

Conversion Table: Percentile Rank to Standard Score Rank: 30 (99.75 to 99.99), 29 (99.53 to 99.74), 28 (99.19 to 99.52), 27 (98.62 to 99.18), 26 (97.79 to 98.61), 25 (96.41 to 97.78), 24 (94.53 to 96.40), 23 (91.93 to 94.52), 22 (88.50 to 91.92), 21 (84.14 to 88.49), 20 (78.82 to 84.13), 19 (72.58 to 78.81), 18 (65.56 to 72.57), 17 (57.93 to 65.55), and 16 (50.00 to 57.92).

Selection Criteria for State Scholars

1958–59 to 1963–64: test scores only
1964–65 to present: test scores and high school record

Time of Required Examination for State Scholar Applicants

1958–59 to 1966–67: early in senior year
1967–68 to present: late in junior year

ILLINOIS GUARANTEED LOAN PROGRAM

In 1966 the Illinois Guaranteed Loan Program was established with the goal of assuring that no qualified student would be denied an opportunity to pursue a program of post-secondary education because of financial reasons. The results have been most gratifying. In 1974 Illinois banks, savings and loan associations, and credit unions made loans in the amount of $40,000,000 to Illinois students.

At its inception the Illinois Guaranteed Loan Program contracted with these commercial lenders to reimburse them for 100% of their principal loss on any student loan account which the borrower did not pay in full. As of September, 1971, the Guaranteed Loan Program was authorized to pay lenders any uncollected accrued interest which might be due on any defaulted account. At that time also the Illinois Guaranteed Loan Program was authorized to guarantee loans to students who were not United States citizens but were permanent residents of the country.

From 1966 the Illinois Guaranteed Loan Program operated with a reserve fund appropriated by the State of Illinois, and the Program contracted with its lenders to maintain one dollar on reserve for every ten dollars of the Program's share of the liability on the loans it guaranteed. In 1969 the Illinois agency signed a reinsurance agreement with the federal government which committed the federal government to reimburse the state agency for 80% of the dollar amount of each default claim paid to lenders. In 1972 the Illinois legislature amended the "Higher Education Student Assistance Law" to pledge the full faith and credit of the State of Illinois to cover any potential default obligations of the Illinois Guaranteed Loan Program, thereby removing any further need to maintain dollars on reserve.

Many persons have contributed to the success of this program, and the Commission is very grateful for the interest and support of our state officials and legislature and for the cooperation of the educational community. Much of the success this program has experienced must also be credited to the supportive attitude of the private lending community, which has invested millions of dollars and countless numbers of man-hours to make an educational dream a reality for many Illinois students.

PROGRAM REQUIREMENTS

Student Eligibility

The student applicant must be:

1. A citizen or a permanent resident of the United States
2. A resident of the state of Illinois

   A) Attendance at an Illinois school

   Any student attending an approved school located within the state of Illinois may be considered a resident of the state of Illinois for the purposes of the Illinois Guaranteed Loan Program. This applies only to those students who are engaged in course work requiring supervised classroom instruction and would not include those students taking home study or correspondence courses from an Illinois school.

   B) Attendance at a non-Illinois school

   If a student is attending an approved school which is not located in Illinois, the following residency requirements apply:

   DEPENDENT STUDENT – If during the 12 months preceding the application for a loan, the applicant has (1) resided with, or (2) been claimed as a dependent for income tax purposes by, or (3) received in excess of $600 from a parent or legal guardian, the applicant is declared to be a "dependent student" according to federal regulations. In such cases, the parent(s) with whom the student resides must be a resident of Illinois.

INDEPENDENT STUDENT – If none of the three conditions described in the above paragraph, "Dependent Student", has occurred during the 12 months preceding the application for a loan, the applicant is declared to be an "independent student" according to federal regulations. In such cases, the student is considered to be a resident of the state of Illinois if he has resided in the state for at least six consecutive months in some capacity other than that of a full-time student.

3. At least a half-time student

Loan Amounts

Yearly Maximums: Freshman year – $1,000; Sophomore year – $1,500; Each academic year thereafter – $2,500
(Minimum Loan $150)

Total Maximums: $10,000 *(including graduate level; undergraduate maximum of $7500)*

Cost of Loan

WHILE THE BORROWER IS IN SCHOOL – The annual percentage rate of interest is 7%. However, if the borrower and his family can demonstrate financial need (in accordance with federally prescribed formulas which measure the family's financial resources), the federal government will pay the accruing interest on the borrower's behalf. All other borrowers must make arrangements to pay such interest as it accrues.

DURING THE REPAYMENT PERIOD – The annual percentage rate of interest remains 7%, and all borrowers must pay this interest as it accrues during the repayment period. *(Note: Some loans disbursed prior to December 15, 1968, were eligible for partial payment by the federal government of interest which accrues during the repayment period.)*

Repayment of Loan

The student must contact the lending institution within five months after ceasing full-time study to arrange for the repayment of his loan. Payments of not less than $30.00 per month must begin nine months after graduation or cessation of full-time study. The usual repayment period will be approximately 60 months (unless such a repayment period would result in a monthly payment of less than $30.00). However, the lender may offer longer repayment schedules (up to 120 months) if the amount borrowed and the borrower's circumstances would indicate a longer repayment period.

Deferment of Repayment

A student is eligible to have the principal portion of any required payments deferred if he returns to full-time study at an approved school, or if he is serving in the armed forces, the Peace Corps, or VISTA. If the borrower's loan was eligible for federal payment of interest benefits *(see "Cost of Loan" above)* at the time it was originally disbursed, the federal government will pay all interest which accrues during such periods of deferment. All other borrowers must make arrangements to pay such interest as it accrues even though the principal payments are deferred. (The lender may, at his option, extend repayment deferments to borrowers in the case of family illness, financial hardship, return to part-time study, etc., if the lender judges the borrower's circumstances to warrant such deferment. Borrowers must make arrangements in all cases to pay accruing interest on such deferments.)

Approved Schools

Most colleges, universities, schools of nursing, and many vocational and technical schools are eligible. Generally, any public or private educational institution located in the United States (and some foreign countries) that offers at least a one-year program of study leading to a degree or employment in a recognized occupation is eligible. To be eligible, a school must be approved by the United States Commissioner of Education and the Illinois State Scholarship Commission.

Approved Lenders

A listing of approved lenders is available upon request from the IGLP office. Most banks, savings and loan associations, and credit unions in Illinois are potentially eligible for approved status. Approved status in the program does not require the lender to honor every loan request submitted to it.

OFFICE OF INFORMATIONAL SERVICES (OIS)

Scene at the annual College Fair, sponsored in Chicago by the National Association of College Admissions Counselors. Over 15,000 parents and students participated in the Fair, where OIS staff organized and conducted a series of financial aid seminars, and helped to man a financial aid information booth.

The Office of Informational Services was established within the Illinois State Scholarship Commission in May of 1971. The office is located in Chicago's "Loop," at 203 North Wabash, Room 1600, and is the first and only ISSC branch office in the history of the Commission. The office is staffed by three professional workers and two full-time secretaries, with limited part-time student help.

The activities of OIS are many and varied, but all of them reflect the major purposes of the office, which are:

1. to communicate opportunities for financial assistance that are available to Illinois college-bound youth who have financial need;
2. to assist school and community counselors by providing them with information, application materials, and in-service training in the use of ISSC programs and services;
3. to provide assistance and support to the other divisions of ISSC in their efforts to serve Illinois residents.

Specific activities of the office are summarized under each of these purposes in the following paragraphs.

Communicating Opportunities for Financial Assistance

Over 40% of OIS worktime is devoted to the general promotion of ISSC programs and services by way of seminars and conferences which are directed at various segments of the Illinois public through visits to schools, colleges, and community agencies, through aggressive use of the news media, and through a variety of innovative outreach efforts designed to supplement the other approaches described.

Cognizant of the need for more information about financial aid resources other than those directly controlled by ISSC, OIS staff have made a special effort in all of their promotional activities to articulate the availability of aid from other state sources, and from federal and institutional sources, and to show how these various programs relate

to and are distinct from the Commission's offerings. This more comprehensive approach toward communicating opportunities actually works to insure the use of ISSC programs among students who have exceptional financial need and who could not afford to attend college with only the assistance provided by the ISSC.

Since 1971, OIS has had the primary responsibility for organizing and scheduling the agency's annual financial aid seminar series. The seminars are held throughout the state for the purpose of informing school and community counselors about ISSC programs and services, and about general developments in the area of college financial aid. These seminar series are manned by professional staff from all of the ISSC divisions, with OIS staff serving as presenters and coordinating staff travel and housing accommodations during the series of meetings.

The fall comprehensive seminars require a great deal of advance planning and preparation. OIS commences planning for the next year's fall seminars within weeks after the conclusion of the current year's fall seminars. Fall seminar plans are usually foreshadowed in December, March, and June issues of the OIS newsletter, "The Messenger," and an attempt is made to provide a complete schedule and seminar agenda to each school, college and community counselor before schools adjourn for the summer. In this way, the counselor has ample advance warning as to when and where ISSC staff will conduct the fall seminars.

The following comparative history of ISSC seminar attendance since 1969, the last year for which accurate records are available, illustrates this agency's improving ability to reach and inform growing numbers of counselors of all types about the Commission's offerings. The most recent and most noticeable expansion in the area of community counselors (counselors from outside any school system, such as employees of various state and federal social service agencies, church groups, and youth workers in private organizations) is a direct result of OIS outreach efforts into previously underserved communities.

The establishment of the Community Outreach Program under OIS has enabled the Commission to maintain more consistent contact with hundreds of non-school agency counselors, many of whom now regularly participate in the fall counselor seminars, adding significantly to the overall attendance at these meetings. Fall seminar attendance has grown consistently since 1972, the year in which OIS formally assumed responsibility for the organization and scheduling of these meetings. This growth coincides with a significant period of growth within the agency, and may be attributable to a variety of factors, but clearly has been helped by our ability to commit an entire staff to the details of properly organizing, publicizing, and staffing these important opportunities for public contact.

Category of Participants	1969	1970	1971	1972	1973	1974
High School Counselors/Administrators	1,000	869	986	1,186	992	1,293
Representatives from Postsecondary Institutions				101	208	318
Community Counselors				119	247	194
TOTALS	1,000	869	986	1,406	1,447	1,805

Since 1972, meetings for interested parents and students have been incorporated into the seminar series as a means of augmenting the local efforts of school and community counselors in Illinois communities outside of the Chicago metropolitan area. During 1972 over 2,000 parents and students took advantage of this opportunity for direct interaction with agency staff. The number dropped to 1,000 in 1973 because of reductions in the number of seminars held throughout the state, but increased to 1,500 in 1974.

In addition to our regular seminar series, OIS staff have run a special series of "open seminars" in the Chicago office for local school and community counselors who were not able to participate in the fall series. Each year these highly informal small-group discussions have attracted an average of 200 participants from northeastern Illinois.

Outside of Commission-initiated seminar activities, OIS staff have also participated in a number of major conferences and meetings that were sponsored by other agencies and organizations throughout the past year. Principal among these have been three Student College Interview Sessions, which were sponsored by the National Scholarship Service Fund for Negro Students on behalf of minority high school students in Illinois, and the annual College Fair of the National Association of College Admissions Counselors, which attracted over 15,000 participants in October of 1973, and 20,000 in 1974. In addition, the OIS staff chaired the Local Promotion Committee, the main function of which was to encourage the local colleges and universities to participate in the Fair. OIS staff also have cooperated with the U.S. Office of Education in conducting Basic Educational Opportunity Grant Program training sessions for Illinois school, college, and community counselors, and in disseminating information about the Basic Grant Program throughout the state. Over 15,000 BEOG applications were made available to the Illinois public during the summer of 1973 as a result of staff efforts, with the result that many citizens of this state were among the earliest applicants to the then new federal program of grant assistance.

Seminars represent the most expensive and time-consuming aspect of the ISSC's outreach efforts, and we are constantly challenged to identify the most suitable times and locations where these meetings can be held throughout the state, and to make it as convenient as possible for our various publics to participate. OIS staff have spearheaded both long-range and short-range planning in this area, and are continualy working to insure at least a periodic agency presence in northwestern, central, and southern Illinois.

The major ISSC seminar efforts are seasonal, usually occurring in the fall, but OIS staff are involved in numerous meetings throughout the year, which are executed in the course of visits to schools and agencies throughout the state. Over the past year OIS staff have conducted over 140 visits to Illinois high schools and colleges and 143 visits to community agencies. Most of the agency visits have been made in connection with the Community Outreach Program (COP), a network of community-based counseling contacts which serve low-income youth throughout the state. This program of visitations has significantly extended our outreach capabilities beyond the annual seminar series and has brought staff into direct contact with over 12,000 parents and students.

In recent months OIS staff have had many important opportunities to discuss ISSC programs and services on Illinois radio and television broadcasts, and a special effort has been made to make fuller use of these media in our promotional activities. During 1974, staff members appeared on 13 radio and television shows, making presentations which ranged in length from 15 minutes to one hour and which were directed at thousands of Illinois residents. Information is also being shared with local newspapers on a frequent basis, and efforts have been made to release information to high school and college newspapers whenever appropriate.

Assisting School and Community Counselors

The school guidance officer is the major source of counseling information for thousands of high school youth in Illinois and across the nation. As such, the demands upon his time and energy are tremendous. He is the main contact point for every opportunity which might be addressed to students in his school, and he is expected to keep abreast of them, despite the rapidly changing nature of education in America today. In addition, he is frequently called upon to perform tasks which, at best, have only a tangential bearing on his counseling responsibilities, so that he must work extra hard to avoid a reduction in his professional services to youth.

In recent years, the growing importance of financial aid to college bound youth and the frequent lack of accurate and timely information about existing aid opportunities have only served to further complicate the life of the school guidance officer. ISSC staff have always made available to counselors in each Illinois high school supplies of information and application materials for use among young people who wished to participate in our programs and services, but since the mechanics of applying for financial aid have generally become more complicated in recent years, ISSC staff have felt the need to provide the school counselor with more intensive support on matters related to financial aid.

In addition to help received from the in-school counselor, each year thousands of candidates for college admission and financial aid receive their primary motivation toward higher education from counselors in social service agencies of various kinds. Hence, the establishment of the Community Outreach Program, through which nearly 3,000 individuals and agencies are kept abreast of developments in the area of college financial aid.

In recognition of the importance of these two groups of counselors, each has been assigned a full-time coordinator in the Office of Informational Services. The Coordinator of School and College Services relates most closely with in-school counselors and college personnel, while the Coordinator of Community Services works with participants in the Community Outreach Program. Each coordinator spearheads information dissemination activities for his counselors, plans and executes in-service programs, and gathers feedback which can then be passed on to other ISSC staff for use in program planning, or on to the Commission for consideration in policy making.

Fifty percent of OIS worktime is devoted to non-seminar activities which are designed to be of direct benefit to Illinois counselors and the young people they serve. Over the past year these activities have included:

- publication of "The Messenger" newsletter four times each year, as a means of keeping counselors current on financial aid developments. Subscriptions to the newsletter are available upon request by anyone who advises prospective college students about financial aid opportunities.

- publication of the Illinois College Handbook, a reference tool which summarizes for the busy counselor essential admission and financial aid information about Illinois institutions of higher learning approved for participation in the ISSC Monetary Award Program. The Handbook was made available to 4,000 school and community counselors during 1974. This is the fourth year in which ISSC has undertaken the publication of this popular book.

- publication of the Directory of Non-school Agencies, a reference document for use by colleges seeking recruitment contacts in local communities, and an important vehicle for intercommunication between school and non-school counselors.

- the development of a special series of audiovisual aids (slides and overhead transparencies) for use by school and community counselors as they work to publicize ISSC programs and services among local youth. This "Money for College" audiovisual tool has been made available, without charge, to nearly 2,000 school and community counselors throughout the state.

Even when OIS activities do not directly involve the school and community counselor, they support him indirectly by reducing the need for general information among the parents and students he is charged with serving, thus enabling him to spend more time on major counseling problems.

In Support of Other ISSC Divisions

In conducting its promotional activities, OIS is actually communicating information on behalf of the Division of Scholarships and Grants and the Illinois Guaranteed Loan Program, which are not staffed to publicize the benefits they provide on the scale on which such publicity is needed. Hence, insofar as the goals of ISSC are concerned, OIS is a supportive entity to these two major divisions, though its particular work objectives and its methods of implementing those goals are often initiated independently by OIS staff and carried out with agency-wide approval.

In addition to answering phone and written inquiries on behalf of these divisions, and assisting them in the dissemination of application materials, OIS staff also assist in the design of applications and informational publications, help in evaluating the effectiveness of agency procedures on the publics we serve, and represent these divisions both at public meetings and through the news media. During the past year OIS staff have also developed plans for the translation of key ISSC informational materials into Spanish.

HIGHLIGHTS

Programs/Activities

1. Monetary Awards – As the ISSC completes its seventeenth year of assisting financially needy undergraduates in 1974-75, a grand total of $316.0 million has been invested in 462,000 awards. Currently and cumulatively, only New York and Pennsylvania exceed in total the efforts of Illinois. In 1974-75 new annual highs in awards and dollars for awards were achieved in Illinois. With about 5% of the nation's undergraduates, Illinois provided about 11% of all state awards and 14% of all state dollars. In 1974-75 Illinois ranks third among states in number of awards, third in award dollars, and fifth in per capita appropriation for student grants. The academic year of 1974-75 is also historic for ISSC because this year half-time students first became eligible for grants, eligibility for undergraduate study was extended to five years, $1.054 million of federal State Student Incentive Grant (SSIG) funds were made available, and the maximum award amount was raised to $1,350.

2. Special Awards – The ISSC has responsibility for the following categorical awards: (1) payment of tuition for veterans at Illinois public community colleges, (2) bilingual scholarships/grants, (3) dependents of POW/MIA and disabled veterans if condition developed since 1960, (4) dependents of policemen, firemen, and correctional workers killed or permanently disabled in line of duty, and (5) matching dollars to scholarship dollars voluntarily contributed by students at Illinois public senior universities.

3. Office of Informational Services – To improve the communication of opportunity and maximize the concept of equal educational opportunity, especially to those from minority/poverty backgrounds, a special ISSC office and new efforts were begun in May, 1971. Located in the downtown area of Chicago, this office has, in four years, accomplished the following: direct contact with over 900 community based (non-school) volunteers working with potential students; pertinent directories, newsletters, and Spanish translations to keep all co-workers with youth informed of the variety of educational aid programs; a speaker's bureau and audiovisual resources to improve communications; and special efforts to work with other state agencies (i.e., Department of Public Aid) to coordinate all the state's efforts in reaching the goal of equal educational opportunity.

4. State Scholars – To personally and publicly recognize academic excellence, the ISSC annually names about 15,500 scholars from approximately 900 of the Illinois public and nonpublic secondary schools.

5. Guaranteed Loan Program – From August of 1966 to February of 1975 a total of 163,000 students have borrowed $317.0 million from Illinois commercial lenders or credit unions, and the ISSC has guaranteed these loans under the Illinois Guaranteed Loan Program. Loans represent a state investment of guarantee and opportunity to full or half-time, in-state or out-of-state, undergraduate or graduate, and traditional or specialized students. Loans guaranteed by IGLP in 1974-75 are expected to total $42.0 million, a new high in the nine-year history of this program.

6. Claims and Collection Activity – Since 1969 the Claims and Collection Department has functioned as an integral part of the Illinois Guaranteed Loan Program. The Department has been charged with the primary responsibility to prevent defaults, when possible, to collect monies from individuals whose accounts were repurchased because of our guarantee agreement, and to coordinate the claims and collection activity with the federal program of reinsurance. Currently, one-half of the claims received from lenders are resolved prior to the necessity of repurchase with state funds.
